

Decorations of Plots

Rule 10-a. Certain Ornaments Prohibited

The placement of boxes, shells, toys, metal signs, ornaments, chairs, settees, non-approved vases, glass, wood or iron cases, bottles, jars, tin cans, jelly glasses, or other similar articles shall not be permitted at the interment sites, and if so placed, the Cemetery Authority reserves the right to remove the same.

Rule 10-b. Certain Ornaments Prohibited in Mausoleums and/or Columbarium

Berries of any sort or fresh cut plants are prohibited. Artificial, dyed or preserved flowers which stain the marble shutter fronts, floors and sidewalks are prohibited in and around the mausoleum and/or columbarium. Photographs, souvenirs, wreaths, decals, stickers, flags or other emblems are prohibited except with the written consent of the Management.

Rule 10-c. Floral Regulations - Vases

Only one vase will be allowed per interment space except in the case where a second interment has been made in the space, and a second marker has been allowed which has a vase included in the marker or foundation. No flower receptacles may be placed on any plot, or in the mausoleum or columbarium, unless approved by the Cemetery Authority. **As of January 1, 2001, only above ground vases that come as a part of the marker will be accepted.**

Rule 10-d. Floral Regulations - Flowers

All flower bouquets, whether fresh or artificial, which are placed at interment sites must be modest to small in size and must be placed in a vase acceptable by the Cemetery Authority. Flowers with sharp edges, thorns, stickers or any sharp points that may be injurious to the hands of the gardeners are prohibited and if placed will be removed. Artificial flowers must be placed in a non-glass container and secured with Plaster of Paris before placing them inside the vase. The Cemetery Authority shall have the right to remove all floral designs, flowers, weeds, trees, shrubs, or plants of any kind from the cemetery as soon as, in the judgment of the management, they become unsightly, dangerous, detrimental or diseased, or when they do not conform to the standards maintained. Flowers will be removed by our employees when they mow the lawns, unless the bouquets are in excellent condition. Special holiday arrangements will usually be removed by cemetery employees two weeks after the holiday and will be disposed of accordingly.

Rule 10-e. Cemetery not Liable

The Cemetery Authority shall not be liable for floral pieces, baskets or frames in which such floral pieces are attached. The cemetery shall not be responsible for plants or flowers damaged by the elements, thieves, vandals, or by other causes out of its control. The Cemetery does not trim around flower vases which have been set below ground. In the course of mowing the lawns or cleaning in the buildings the Cemetery will exercise caution in the handling of floral remembrances but will not be liable in any way for any damage or losses suffered.
